PROFESSIONAL SUMMARY

Detail-oriented Information Communication Technology graduate from The Nairobi National Polytechnic with hands-on technical training in networking, computer repair and maintenance, software installation, manage information system, graphic design, ICT security threat, website design and system support. Demonstrates strong analytical problem-solving abilities, exceptional communication skills, and a solid foundation in end-user IT support. Seeking an ICT Internship opportunity to leverage technical knowledge, assist in corporate IT infrastructure maintenance, and contribute to efficient daily technical operations.

EDUCATION

- **Diploma in Information Communication Technology** | The Nairobi National Polytechnic (2024-2026)
 - *Relevant Modules:* System Support, ICT security threat, Graphic design, Systems Analysis & Design, Networking, Manage Information system, Operating Systems, Database Management Systems, Computer repair & Maintenance.
 -
- **Kenya Certificate of Secondary Education (KCSE)** | Ribe Boys High School (2020 – 2023)
-
- **Kenya Certificate of Primary Education (KCPE)** | Garithe Primary School (2005 – 2013)

PRACTICAL & WORK EXPERIENCE

Cyber Support & Customer Service Assistant | Elobaze Pro-workers (cyber service)

- Delivered front-line technical support to clients utilizing computing and printing facilities.
- Diagnosed and resolved basic workstation hardware faults, application errors, and network connectivity issues.
- Maintained hardware equipment, performed software updates, and ensured continuous system uptime.
- Assisted users with document processing, online portal navigation, and general computer operations.

ACADEMIC PROJECTS & PRACTICAL LABS

- **Local Area Network (LAN) Design & Deployment:** Configured a local network setup including IP addressing, subnetting, and user access permissions in a simulated office environment.
- **Workstation Assembly & OS Provisioning:** Assembled desktop hardware components, performed custom OS installations, and configured essential drivers and system security tools.

CORE TECHNICAL COMPETENCIES

- **Hardware & Maintenance:** PC assembly, diagnostic testing, component replacement, preventive maintenance, peripheral setup (printers, scanners).
- **Networking Fundamentals:** TCP/IP configuration, LAN setup, Wi-Fi configuration, basic router/switch management, troubleshooting connectivity issues.
- **Operating Systems & Software:** Windows 10/11, Windows Server basics, Microsoft Office 365, basic database administration.
- **Technical Support:** Helpdesk troubleshooting, software installation/patching, end-user guidance, system error resolution.
